

IN THE SPECIFICATION:

Please replace the paragraph beginning at page 26, line 11, with the following rewritten paragraph:

A1 - -In the event that the process exit was expected was expected, at block 150, the executive object 84 broadcasts (e.g., via the broadcast server object 100 and a broadcast client object) that the relevant process 90 has exited in an unexpected ~~expected~~ manner. In this way, further objects that may be required to take action upon the completion of the process, or that may be waiting on the results of a process, are advised and can proceed to take actions as appropriate. - -
